Child's Name

How to Participate

- Register your baby at any branch library, the Book-mobile, or online at www.yclibrary.org by creating a Beanstack account, beginning May 15.
- Beginning June 5, track your progress online and/or using this activity sheet by marking or checking off one circle for every activity you and your baby do together. Activities can be completed in any order.
- Complete and log all 20 activities online using your Beanstack account or return the completed activity sheet by July 28 to receive a board book, certificate, bath toy, and entry in the Grand Prize Drawing, held at the end of the program. Receive one entry for each completed activity sheet.

Grand Prize Drawing

One randomly-selected winner from each library will receive a choice of either a \$50 Toys"R"Us or Books-A-Million gift card and a coupon for free admission to the Culture & Heritage Museums, plus a board book and growth chart.

- Kate's Skating Center of Rock Hill • Texas Roadhouse

Learning to read begins at birth.

Help your baby or toddler be ready to read! Practice these early literacy activities:

- **Read to your baby or toddler.** Sharing books lets your child know that reading is important. Make reading together a special time.
- **Talk and sing with your baby or toddler.** Hearing sounds that make up words helps children sound out written words as they begin to read. Singing, talking, and reading with your child can help prepare them for success when they begin school.
- **Write and scribble with your baby or toddler.** Writing or scribbling helps children learn that the written word also stands for spoken language.
- **Play with your baby or toddler.** Sing silly songs, listen to music, and share rhymes and fingerplays.
- **Visit the library often with your child.** Select books together and attend library programs.
